Q1 2026 Board Review

12 May 2026 · Singapore

Wei Chen — CEO · Lim Boon Hock — CFO · Priya Raman — COO

Agenda

- 1. Q1 close — what shipped, what missed
- 2. Confluence platform — schedule reset
- 3. Customer health and Brasil deep-dive
- 4. Q2 outlook and target revision proposal
- 5. Codos engagement framing
- 6. Board asks

Q1 — headline

Revenue	SGD 14.2M	–11% vs plan, +5% YoY
EBITDA	–SGD 2.1M	improving from –3.4M Q1 25
Net new merchants	412	108% of plan
Aggregate NPS	47	+1 vs Q4
Runway	18 months	at SGD 1.8M monthly burn

Cash trouble: no. Pace trouble: yes.

Confluence platform — schedule reset

- Original plan: end-Q2 GA. Reality: end-Q3.
- Root cause: merchant_id schema migration. Brasil identity model differs from SEA.
- Dual-write at 99.6% match. Need 100% before cutover; long tail of edge cases.
- Re-baselined plan delivered by Daniel Tan (VP Eng) on 30 April.
- Implication for Codos engagement: agent infrastructure dependency slips to Q4.

Internal communication is sequenced behind the re-baseline. Public stance at last all-hands (15 April) was unchanged from original plan; this will be corrected in next all-hands following board sign-off.

Customer health — segmented

Segment	NPS	n	vs Q4
SEA enterprise	62	47	+9
SEA SMB	41	312	+2
Brasil enterprise	53	19	−3
Brasil SMB	31	408	−8
Aggregate	47	786	+1

- Brasil SMB drop driven by support response time (CSM attrition Q1) and Tap-Loyalty reconciliation defect.
- 14 Brasil tier-2 accounts under save plan, ~R\$1.1M ARR at risk.
- Three Q1 enterprise churns (Lazada midmarket, Cosmos Hotels, Banco Verde): SGD 340K ARR.

Q2 — proposal and asks

- Q2 target: original 17.0M. April pacing implies 12.6–13.4M.
- Proposal: revise to SGD 14.2M (in line with Q1 actual). Original target stays as stretch.
- Continue Brasil eng hiring (3 reqs). Pause SEA eng hiring through Confluence re-baseline.
- Replace 2 Brasil CSMs by end May.
- Hold Sofia accountable for fully migrated Brasil CRM by end Q2.

Asks: (1) Sign-off on Q2 target revision. (2) Sign-off on continued Brasil hiring. (3) Discussion on multi-property reporting investment.
